## Education and Training

### Bachelor of Technology:

Sushila Devi Bansal College of Technology  
Mhow  
Computer Science,  
2025

### HSSC:

Adarsh Academy, Dhamnod  
2021

### SCC:

Adarsh Academy, Dhamnod  
2019

## Skills

- Data cleaning
- Data visualization
- Power BI
- Microsoft Excel
- MySQL
- Web scraping
- Python (e.g. panda, Seaborn etc.)

## Certification

- Carrier Essential in Data Analysis
- TCS – ION Certificate
- SQL Certification
- PwC Switzerland Power BI Job Simulation on Forage

## Project

- Vrinda Sales analysis – Ms Excel
  - **Data Cleaning:** Experienced in cleaning and preparing data for analysis (handling errors, formatting).
  - **Data Visualization:** Create charts and graphs (line, bar, pie) to visualize sales trends.
  - **Sales Analysis:** Analysed sales data to identify trends, forecast sales, and improve performance.
  - **Reporting:** Created reports and dashboards to present data findings effectively.
- E-commerce dashboard – power BI
  - Created a Power BI dashboard for sales analysis.
  - Created interactive dashboard to track and analyse online sales data.
  - Used complex parameters to drill down in worksheet and customization using filters and slicers.
  - Creates connections, joins new tables, performs calculations to manipulate data, and enables user-driven parameters for visualization.
- Sales Analysis – python
  - Performed data cleaning and manipulation.
  - Performed Exploratory data analysis (EDA) using pandas, matplotlib and seaborn libraries.
  - Improved sales by identifying most selling product categories and products, which can help to plan inventory and hence meet the demands.
